Big thank you to the high school golf teams for their work cleaning up the sticks around the course, Scott and his staff were very thankful to have their help with that. We would also like to thank Mark Becker, Dick Fratzke and Todd Rohlfesen for their concrete work extending the cart corral to fit all the rental carts up by the parking lot.

Invoices were sent out in March and we’ve seen a pretty good amount of them being paid before and after the spring fling, if you did not receive yours please reach out to the board so we can get it resent to you.

Men’s league is currently scheduled to start the first Monday in May with a meeting in a couple weeks for sign up. We hope the weather continues to turn into a nice spring and see a lot of rounds played again this year. If you have any questions or concerns do not hesitate to reach out to the board via email. We can be emailed at theboardofjesupgolf@gmail.com

Before the season gets to busy a couple items to note please follow cart path where available and avoid driving in roped off areas. Keep all carts at least 30 feet from the green. Fix ball marks on the green and replace divots in the fairways and tee boxes when possible. Sand on the tee boxes is for tee box only and should not be used in fairways and vice versa for those who have sand in their carts that blend is for fairways and should not be used in other areas of the course.
